

EXPRESS MAIL LABEL NO. EL 728721996 US

This diagram shows a complex multi-layered assembly. At the top, there are several thin layers labeled 3, 47, 46, and 50. Below these is a large rectangular component 36 containing internal parts 52, 56, and 58. To the right of this is another layer 42, followed by a thick horizontal section 38. On the far right, a long horizontal member 20 is shown with a small protrusion 12 and a layer 34. The central part of the assembly consists of a thick horizontal bar 21 supported by vertical pillars 19 and 39. A horizontal rod 24 passes through the center, secured by a nut and washer assembly 26 and 28. Various other components like 18, 22, 32, 35, 37, and 40 are indicated at different points. Arrows point to specific features, and a break symbol is used on the bottom horizontal bar.

PROCESSES AND APPARATUS FOR REACTING
GASEOUS REACTANTS CONTAINING SOLID PARTICLES
